## The Apache War.

We have received from Sacra-  
mento, a few days ago, a copy of  
joint resolutions introduced in the  
California Legislature on the 7th  
instant, by Senator McCoy, of San  
Diego, and which was referred  
to the Committee on Federal Re-  
lations, regarding our troubles  
with the Apache Indians. Our  
limited space will not permit us  
to publish the preamble to those  
resolutions, which is a long list of  
wrongs suffered by the inhabit-  
ants of and travelers through our  
Territory at the hands of the sav-  
ages. The resolutions, however,  
speak for themselves. They are—

1.—That it is the duty of the  
Government of the United States  
to give the most prompt and ef-  
ficient protection to the people of  
Arizona against the Apache In-  
dians; that all attempts to treat  
with or otherwise to appease them,  
until they are made to feel the  
power of the Government, will  
prove futile in the future, as they  
have in the past, and must result  
only in encouraging these savages  
to continued deeds of carnage.

2.—That in no way can this pro-  
tection be so promptly and ef-  
ficiently extended to our suffering  
brethren in Arizona as by furnish-  
ing General Crook with ample  
means, and by giving him the  
largest discretion in the course to  
be pursued toward the savages.

3.—That the President of the  
United States be and he is hereby  
urged and implored to prevent  
further interference with the mili-  
tary operations of General Crook,  
otherwise than by aiding his de-  
signs, until these savages are sub-  
dued, and the people of Arizona  
are made secure in their lives,  
homes and property.

4.—That his Excellency, the Gov-  
ernor of this State, be requested  
to telegraph these resolutions, and  
the preamble to the same, to the  
President of the United States;  
that he cause to be sent copies of  
the same to each of the Senators  
and Representatives in Congress  
of the Pacific States and Territo-  
ries, and to each of the Governors  
of the same; and that our Sena-  
tors in Congress be instructed and  
Representatives requested to urge  
upon the Government at Wash-  
ington such action in the prem-  
ises as is indicated by these reso-  
lutions.

Let us hope the committee have  
reported favorably, and that ere  
this these timely resolutions have  
been unanimously adopted and  
telegraphed to Washington.

The cold is so great in Italy this  
winter that there has been skat-  
ing in Florence and Naples, for  
the first time in many years.

## Territorial Items.

Tucson was visited, during the  
past week, with just a few drops  
of rain.

Two grand concerts, given by  
the Fifth Cavalry Band at Tucson,  
on Tuesday and Thursday even-  
ings, were largely attended. The  
receipts were \$372 20.

The public school at Tucson was  
opened on the 4th instant, with  
John Spring as teacher. On the  
opening day, nearly forty children  
were present; and up to the 14th,  
the number had increased to 72.

The Citizen contains a conden-  
sation from two correspondents,  
regarding the killing of two Mexi-  
cans at the camp of the Caverness  
brothers, about sixty miles below  
Phoenix, which is as follows:

It seems the Indians attacked  
Martinez ranch, near Camp Date  
Creek, on Feb. 21; that in a fight,  
two Indians were killed and left  
dead on the ground; that soon  
after, a party of Mexicans came  
along and murdered Mr. Cullum-  
ber and Mr. Harris, stole their  
horses, and made for Salt river  
with all speed; that Feb. 29, a true  
Indian ally—Juan Jose—promptly  
advised the Sheriff and others of  
Maricopa county that the men  
with the stolen horses were on the  
river; that Sheriff Warden, assist-  
ed by others, at once went on the  
trail, and on the fifth day of unre-  
mitting search, the murderers  
were found at the camp aforesaid,  
and in volleys of shooting by both  
sides, the two assassins and thieves  
were killed and the two horses  
recovered. That the men killed  
were guilty as stated, there seems  
to be no doubt.

## Overthrow of the Erie Ring.

By telegraph, we learn that the  
overthrow of the Erie ring is ac-  
complished, and that the fact is  
received everywhere with satis-  
faction. The press, generally, re-  
gard the result as a great triumph  
in the interest of honesty and re-  
form; Jay Gould having resigned  
as President. Ramsey, the ex-  
President of the Susquehanna  
road, says that the amount of the  
earnings of the road that Gould  
has not accounted for to the stock-  
holders, is enormous. The friends  
of Fisk rejoice over Gould's down-  
fall.

General Von Roon, German  
Minister of War, on the 1st inst.  
ceased to exercise the functions of  
head of the Navy Department.  
Lieutenant-General Stosen suc-  
ceeded him.
